

Success Story: Healthcare ePrescribing Company OP3 and ISMS Consulting and ISO 27001 Certification

The Client

Our client ('Client') is the nations leading E-Prescribing company.

Business Motivators

Client wanted to more efficiently and effectively manage security operations and take a risk-based approach to controls implementation. Client also wanted to leverage ISO 27001 certification as a differentiator.

The Challenge

Client engaged the services of an Orange Parachute competitor one year prior to bringing in Orange Parachute. Upon arrival, it was clear to us that our competitor did not make much progress and we were there to clean up a mess.

The Solution

We stepped in and established a proper scope, leveraging our Subject Matter Expertise to then execute flawlessly on the Scope of work, implementing and operationalizing their Information Security Management System.

The Result

By leveraging our services, the customer was able to achieve their goal of ISO 27001 certification in a limited timeframe. The customer has since extended our consulting engagement as their trusted security advisor and we will act in a lead role for many of their security program efforts.
