

## **Success Story: Global Life Sciences Company OP3 featuring RM Studio and ISMS/ISO 27001 Consulting Services**

### **The Client**

Our client ('Client') is a leading global Life Sciences company.

### **Business Motivators**

Client wanted to more efficiently and effectively manage security operations around the globe and more easily manage risk to their business.

### **The Challenge**

Client is growing via acquisition, therefore, they were having difficulties taking a risk-based approach as they are inherently acquiring risk each time they acquire a new company.

### **The Solution**

Leveraging our Proven Process Package featuring RM Studio along with our consulting Subject Matter Expertise, the client was able to:

- Clearly determine the "low hanging fruit" so they can prioritize their efforts
- Gain a snap shot of current state as to how they currently measure up to ISO 27001
- Clearly plan for their ISMS Scope and next steps
- Clearly plan and manage HIPAA/HITECH compliance on a global scale

### **The Result**

As a result of our services, the client has established a long term Vision to become more proactive and implement a risk-based approach. They have since extended our services as a Trusted Security Advisor as we continue to help them gain Traction for their Vision.
