

Success Story: Government Service Provider OP3, TurnKey ISMS Solution and ISO 27001 Certification

The Client

Our client ('Client') is a leading provider to the Public Sector to transform digital communication in order to have true mission impact.

Business Motivators

Client wanted to leverage ISO 27001 certification for a compliance umbrella and to quickly and easily respond to customer requirements for ISO 27001 certification. They also wanted to leverage their ISO 27001 certification as a market differentiator.

The Challenge

This particular client did not have a formal security program at all, so they were starting from scratch.

The Solution

Leveraging the Proven Process Package our Subject Matter Expertise, the client was able to:

- Clearly establish their Security Program Vision and leverage our TurnKey ISMS Solution to gain Traction for that Vision
- Clearly determine the Scope of their ISMS
- Execute the Risk Management process efficiently and effectively
- Implement and Operationalize their ISMS
- Achieve ISO 27001 Certification

The Result

As a result of our products and services, the client is now ISO 27001 certified and they continue to engage Orange Parachute as a Trusted Security Advisor.
