

Success Story: Procurement Solutions Provider OP3 and ISMS/ISO 27001 Risk Assessment

The Client

Our client ('Client') is a leading procurement solution provider.

Business Motivators

Client wanted to more efficiently and effectively manage security operations around the globe and more easily manage risk to their business.

The Challenge

Client had limited budget to apply toward their ISMS efforts, even though they had plenty of internal resources and talent available to execute on the project.

The Solution

Leveraging our Proven Process Package along with our consulting Subject Matter Expertise, the client was able to:

- Clearly determine the Scope of their ISMS
- Conduct a Risk Assessment to create a clear plan for controls implementation moving forward
- Plan for their near future ISO 27001 certification

The Result

As a result of our services, the client now has all the tools they need to successfully implement and operationalize their ISMS and achieve ISO 27001 certification by their desired target date. Everything was completed on time and within their budget.
